DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 13, 2006 has been entered.

Response to Amendment

Claims 1-21 are pending in the application.

-The 103(a) rejection has been withdrawn due to applicant amending claims 1 and 14 with limitations not disclosed by the prior art of record used in the rejection.

Allowable Subject Matter

Claims 1-21 are allowed. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or render obvious a motivation to provide for:

-(as to claims 1 and 14) a transfer case having first, second and third input clutches connected to an input shaft and connected to first, second and third members of a planetary gear set and first and second transfer chains continuously connected to each other with one chain connected to a member of the gear set and in combination with all the remaining limitations of claims 1 and 14.

-(as to claim 21) a transfer case having a first, second and third input clutches connected to a planetary gear set and first and second transfer chains connected to each other wherein a ring gear of the gear set is connected to the first chain having a 1 to 1 ratio and a sun gear of the gear set is connected to the second chain having an under drive ratio and in combination with all the remaining limitations of claim 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
